Summary

Achievement-oriented full-stack web developer with a background in dental hygiene. Graduate of University of Arizona Coding Bootcamp. Demonstrated the ability to work efficiently in a quality-regulated, fast-paced, cross-functional team environment with a wide variety of clients. Team-player with excellent communication skills, and the ability to adapt in challenging situations and tailor non-standard approaches to problem solving.

Technical Skills

Languages: JavaScript, HTML, CSS

Applications: Visual Studio Code, Git, Node.js

Projects

Rotten Potatoes | <https://rotten-potatoes-vm3.herokuapp.com/login> | https://github.com/Nmosch/P2_Valar_Morghulis_Movie_Ranker

- An application that can have users rate movies of their choice. Able to rate multiple movies and get an average rating on the movie.
- Database set up with controller routes, helped support on back-end js part and setting up API calls for OMBD and getting values from front-end
- Libraries used: Bootstrap, node, express-handlebars, chart.js, NPM package, passport.

Dine-in or Dine-out | <https://github.com/denzgrant/SnapsOnAPlane> | <https://denzgrant.github.io/SnapsOnAPlane/>

- An application that helps you decide what to eat or what to cook during stay home order. Able to search for new recipes or nearby restaurants.
- Front-end page design with support on back-end on search API calls and javascript file.
- Libraries used: CSS framework: UIKit, moment.js. Animation on scroll.

Experience

Registered Dental Hygienist

2015 – Current

Biltmore Commons Dental Care, Phoenix, AZ

- Collaborated with the cross functional departments, dentist, front office, assistants, hygienists, to provide excellent service to patients. Recognized as Employee of the Month (November 2019) for being a team-player and ensuring customer success.
- Responsible for serving 8-10 clients a day in fast-paced office
- Educated patients regarding preventive care, plaque control, causes and treatment of dental problems, which resulted in over 50% increase in client's oral health on the following check-up.
- Meticulously organized and documented exam findings, material use and patient data to prevent duplicate or incorrect formatting of data
- Managed working hours efficiently and supported other teams by helping with sterilization duties, restock and order dental hygiene supplies.
